FOREWORD MESSAGE FROM CHIEF EXECUTIVE OF CONSTRUCTION INDUSTRY DEVELOPMENT BOARD MALAYSIA (CIDB)

It gives me great pleasure and honour to present the Directory of Professional Construction Services, which is an important initiative undertaken by the Construction Industry Development Board Malaysia (CIDB), under the auspices of the Ministry of Works.

The Directory, which is the very first document of its kind, was developed to bridge the gap between local and international construction players and seeks to match-make Malaysian construction professional service providers with potential developers and investors locally and from abroad.

To achieve this, the Directory contains comprehensive and useful point of reference that depicts the full value chain of local construction professional service providers and showcases their respective capabilities, achievements and track-record. The Directory is expected to serve as a "one-stop reference" for professional service providers in relation to the construction sector, including players in the fields of engineering, architecture, quantity surveying, landscape architecture, interior design, as well as valuers and appraisers. It is envisioned that, through the Directory, we will be able to showcase the strength and experience of our local construction professional service providers and subsequently increase the local and global demand for their expertise. Additionally, we are creating opportunities for our local players to contribute towards the growth of the local construction industry as well as foray internationally.

Furthermore, with the ongoing mega infrastructure projects in the country, the Directory will provide avenues for our local industry players to be involved, be it directly or indirectly. This will also enhance the use of local professional services which will in turn contribute toward the nation's overall economic growth and prosperity while at the same time showcasing the strength of the Malaysian professional services sector.

Strategically, with the Construction Industry Transformation Programme 2016-2020 in active implementation, the Directory will certainly play a strong role in supporting the aspirations of the Internationalisation strategic thrust, which seeks to propel Malaysian champions to lead the charge locally and globally.

Moving ahead, CIDB Malaysia looks forward to more effective collaborations with our strategic partners from both the public and private sectors to achieve the transformation goals of the construction industry. With the partnership from key government ministries and agencies and from the private sector, we are confident that the construction industry will be a key part of the country's National Transformation Agenda.

Before I conclude, I wish to place on record my sincere appreciation to the "co-developers" of the Directory, namely, the Board of Architects Malaysia (LAM), the Board of Engineers Malaysia (BEM), the Board of Quantity Surveyors Malaysia (BQSM), respective Professional Boards and various Professional Associations/ Institutions for their efforts in facilitating the growth and reach of the Malaysian construction industry. Syabas and thank you!

"BUILD PERFECT"

Dato' Ir Ahmad 'Asri Abdul Hamid

Chief Executive

Construction Industry Development Board Malaysia

INTERNATIONAL REGISTERED CONTRACTOR (IRC)

INTERNATIONAL REGISTERED CONTRACTOR (IRC) Do You Have What It Takes To Be An International Contractor?

As part of CIDB's initiative to encourage Malaysian contractors to venture into the global markets, we are registering contractors with the right criteria to be the CIDB International Registered Contractor. Selected contractors who fulfill the specified criteria will be included into this listing.

Among the benefits of registration:

- Inclusion in CIDB's Directory of Malaysian Construction Companies for international projects.
- Inclusion in CIDB's Going Global Publications.
- Priority status by CIDB to participate in overseas construction missions organized by CIDB.
- Priority status by CIDB to receive information on international tenders and country reports.
- Priority status by CIDB to participate in business matching sessions during visiting missions by overseas construction delegates.
- High success rate of the financing being approved * by financial institutions with backing from Export-Import Bank of Malaysia Berhad.
- Promotion to local banks, financial institutions, international funding bodies, foreign high commissions, foreign embassies and international clients.
- Promotion to international clients in international exhibitions participated by CIDB

Note: * subject to terms and conditions

Conditions to Apply:-

- ✓ Registered with CIDB for not less than 3 years under active status.
- ✓ Proven track record in at least one completed project either local or overseas in the related field.
- ✓ Locally incorporated company with minimum of 70% local equity for private companies or in the case of Public Listed Companies (PLCs) it has to be Malaysian controlled
- ✓ ISO 9001:2008 Certification
- ✓ Active classification status

Application:-

A firm local company or a company incorporated in Malaysia or an existing firm or company which is involved in construction activities may apply for registration using Form CIDB SSPK (1RoC)/2012 and paying a processing fee of RM30.00.

Notable Projects

WATER TREATMENT PLANT AND DISTRIBUTION

- 900Mld Water Treatment Plant at Bhandup Complex, Mumbai, INDIA.
- Water Distribution System Phase 2 at Savanakhet, LAOS.
- Sg. Dua Water Treatment Plant and Upgrading Works.
- Kemaman Water Treatment Plant, Terengganu.
- Lukut Water Treatment System and Canal Network in Port Dickson.

WASTE WATER

- Upgrading and refurbishment of Damansara Regional Sewage Treatment Plant, Selangor.
- Damansara Trunk Sewer and Pump Station.
- Kuala Terengganu, Labuan Centralised Sludge Treatment Facilities.
- Langkawi & Klang Sewerage Catchment Studies.

DAMS

- Ulu Belait Dam Project, BRUNEI.
- Raising of Mengkubau Dam, BRUNEI.
- Sg. Kinta RCC Dam, Perak.
- Putrajaya Main Dam, Phase IA Dam and Sg. Limau Manis Dam.
- Sg. Selangor Dambreak & Emergency Response Plan.

BUILDINGS AND RESORT

- 5000 units, Condominium in Bandar Nusajaya, Johor.
- Residential Resorts Lots 118&120, Genting Highlands.

COASTAL

- Kuala Pahang Breakwaters.
- Integrated Shoreline Management Plan for Penang.
- Teluk Tekek Coastal & River Rehabilitation, Tioman.
- Mersing River Mouth Improvement Works, Johor
- Coastal Hydraulic Study at Sg. Pendas & Medini South, Johor.

HYDRO ELECTRIC POWER

- Nam Sane Hydropower Project, LAOS.
- Nam Poui Hydroelectric Project, LAOS.
- Sg. Perting Mini Hydro Project, Pahang.

WETLANDS AND LAKES

- Dubai Park Lagoon.
- Putrajaya Lake Development.
- Putrajaya Wetland.

Notable Projects

FLOOD MITIGATION AND DRAINAGE

- Urban Upgrading Works, HCMC, VIETNAM.
- Putrajaya Drainage Masterplan Study.
- Putrajaya Stormwater Management Guidelines.
- Flood Study for the Proposed Development at Sg. Pendas, Johor.
- Detailed Design of Flood Mitigation Project for Tawau River Basin, Sabah.

INDEPENDENT CONSULTING ENGINEER/REVIEWER

- Upgrading and Maintenance of Service Roads/Highways on the Island of Fiji Levu, FIJI.
- Stormwater Management and Road Tunnel (SMART) Project.
- Sg. Selangor Water Supply Phase III.
- Privatisation-cum-Concession of Sungai Semenyih Water Supply Scheme.
- Port Tg. Pelepas Phase 2&3 Expansion.

SOLAR POWER

- 5 MW Grid Connected Solar Farm Project in Putrajaya for TNB.
- 10.5 MW Gemas Solar Power Farm Project.

QUICK INFO

INTERNATIONAL REGISTERED CONTRACTOR (IRC)

INTERNATIONAL REGISTERED CONTRACTOR (IRC) Do You Have What It Takes To Be An International Contractor?

As part of CIDB's initiative to encourage Malaysian contractors to venture into the global markets, we are registering contractors with the right criteria to be the CIDB International Registered Contractor. Selected contractors who fulfill the specified criteria will be included into this listing.

Among the benefits of registration:

- Inclusion in CIDB's Directory of Malaysian Construction Companies for international projects.
- Inclusion in CIDB's Going Global Publications.
- Priority status by CIDB to participate in overseas construction missions organized by CIDB.
- Priority status by CIDB to receive information on international tenders and country reports.
- Priority status by CIDB to participate in business matching sessions during visiting missions by overseas construction delegates.
- High success rate of the financing being approved* by financial institutions with backing from Export-Import Bank of Malaysia Berhad.
- Promotion to local banks, financial institutions, international funding bodies, foreign high commissions, foreign embassies and international clients.
- Promotion to international clients in international exhibitions participated by CIDB.

Note: * subject to terms and conditions

Conditions to Apply:-

- ✓ Registered with CIDB for not less than 3 years under active status.
- ✓ Proven track record in at least one completed project either local or overseas in the related field.
- ✓ Locally incorporated company with minimum of 70% local equity for private companies or in the case of Public Listed Companies (PLCs) it has to be Malaysian controlled.
- ✓ ISO 9001:2008 Certification
- ✓ Active classification status

Application:

A firm local company or a company incorporated in Malaysia or an existing firm or company which is involved in construction activities may apply for registration using Form CIDB 55PK (1160C)/2017 and paying a processing fee of RM30.00.

Among the benefits of registration:

- Inclusion in CIDB's Directory of Malaysian Construction Companies for international projects.
- Inclusion in CIDB's Going Global Publications.
- Priority status by CIDB to participate in overseas construction missions organized by CIDB.
- Priority status by CIDB to receive information on international tenders and country reports.
- Priority status by CIDB to participate in business matching sessions during visiting missions by overseas construction delegates.
- High success rate of the financing being approved * by financial institutions with backing from Export-Import Bank of Malaysia Berhad.
- Promotion to local banks, financial institutions, international funding bodies, foreign high commissions, foreign embassies and international clients.
- Promotion to international clients in international exhibitions participated by CIDB

Note: * subject to terms and conditions

Conditions to Apply:-

- ✓ Registered with CIDB for not less than 3 years under active status.
- ✓ Proven track record in at least one completed project either local or overseas in the related field.
- ✓ Locally incorporated company with minimum of 70% local equity for private companies or in the case of Public Listed Companies (PLCs) it has to be Malaysian controlled
- ✓ ISO 9001:2008 Certification
- ✓ Active classification status

Application:-

A firm local company or a company incorporated in Malaysia or an existing firm or company which is involved in construction activities may apply for registration using Form CIDB SSPK (1RoC)/2012 and paying a processing fee of RM30.00.

Notable Projects

POWER STATIONS

- 100MW IPP for IPTL Darusalam, TANZANIA.
- 300MW Combined Cycle Power Plant in Kimanis, Sabah.
- 2400 MW Bakun Hydroelectric Project (Civil Package).

Transmission and Distribution

- Sabah East Coast 275/132kV Transmission Grid.
- LLS (SEB) 132/66kV Transmission System Development.
- Shell Refinery 132kV Substation, Port Dickson.

Power System and Energy Studies

- Petronas Methanol (Labuan) System Studies.
- Arthur D Little - Energy Studies for Industrial Development in Sabah and Sarawak for EPU/SESCO/SEB.
- LLN (NEB) Distribution System Planning for 25 networks.

Other Institutional Studies

- LLN Privatisation Study.
- LLN and SESCO Assets Valuation.
- Sabah Gas Utilization Project Divestment Study.

OIL & GAS

- MLNG I Revamped Rejuvenation Project.
- Gas Processing Plant 2 & 3, Kerteh and Gas Processing Plant 5 & 6, Paka, Terengganu.
- Petronas 30,000bpd Grassroot Refinery and Catalytic Reformer, Kerteh.

Water Supplies and Flood Mitigation

- Langat 2 Water Treatment and Water Reticulation System for downstream development of Pahang-Selangor Interstate Water Supply Project.
- National River Basins Studies.
- Besut Flood Mitigation Project for 900 sq.km. of Sg. Besut Basin, Terengganu.

Notable Projects

Roads, Bridges and Highways

- Elmina East, Shah Alam 33ft span with 4 traffic lanes.
- Putrajaya Bridge 10
- 23km of security road at Malaysia/Thailand border.

Industrial

Design audit and quality assurance of turnkey contractor's engineering on M&E works for :

- Perwaja Steel Mill, Terengganu.
- ASEAN Bintulu Fertilizer Plant.
- Malaysian National Car Plant, Shah Alam.

Design and supervision of :

- Elpion Silicon Smelting Plant, Banting.
- Graphite Electrode Plant, Banting.
- Metal Reclamation Industries, Pulau Indah.

Commercial

- Yerae Integrated Resort/ Residential Town, Jeju Island, KOREA.
- Proposed 2 Towers 60 & 40 storeys apartments, retails, recreational facilities and car parks at Al-Reem, Abu Dhabi, UAE.
- Warisan Merdeka Projek Comprising 118 Storey Tower Building, Retail Mall and Commercial Building.
- Kuala Lumpur City Centre Project - Twin 88-storey Office Towers and Central Chiller Plant, KL.

Hospitals

- ICE for 300 beds Teaching Hospital at UIAM Kuantan Pahang.
- Sg. Petani Hospital (498 beds)
- Sg. Buloh Hospital (620 beds).

Airports & Related Projects

- New LCCT Main Terminal and Associated Works at KL International Airport, Sepang.
- Air Asia Simulator Building KLIA, Sepang.
- KLIA Satellite 'A' Building, Sepang.

Infrastructure

- Sime Darby Elmina East Development (1100 acres).
- Sri Damansara Development (580 acres).
- Guthrie Bukit Jelutong Overall Infrastructure Development (2,000 acres).

QUICK INFO

INTERNATIONAL REGISTERED CONTRACTOR (IRC)

INTERNATIONAL REGISTERED CONTRACTOR (IRC) Do You Have What It Takes To Be An International Contractor?

As part of CIDB's initiative to encourage Malaysian contractors to venture into the global markets, we are registering contractors with the right criteria to be the CIDB International Registered Contractor. Selected contractors who fulfill the specified criteria will be included into this listing.

Among the benefits of registration:

- Inclusion in CIDB's Directory of Malaysian Construction Companies for international projects.
- Inclusion in CIDB's Going Global Publications.
- Priority status by CIDB to participate in overseas construction missions organized by CIDB.
- Priority status by CIDB to receive information on international tenders and country reports.
- Priority status by CIDB to participate in business matching sessions during visiting missions by overseas construction delegates.
- High success rate of the financing being approved * by financial institutions with backing from Export-Import Bank of Malaysia Berhad.
- Promotion to local banks, financial institutions, international funding bodies, foreign high commissions, foreign embassies and international clients.
- Promotion to international clients in international exhibitions participated by CIDB

Note: * subject to terms and conditions

Conditions to Apply:-

- ✓ Registered with CIDB for not less than 3 years under active status.
- ✓ Proven track record in at least one completed project either local or overseas in the related field.
- ✓ Locally incorporated company with minimum of 70% local equity for private companies or in the case of Public Listed Companies (PLCs) it has to be Malaysian controlled
- ✓ ISO 9001:2008 Certification
- ✓ Active classification status

Application:-

A firm local company or a company incorporated in Malaysia or an existing firm or company which is involved in construction activities may apply for registration using Form CIDB SSPK (1RoC)/2012 and paying a processing fee of RM30.00.

Renewable Energy / Power Plants

- Technical Advice On Electrical System Design (Synchronous Generator, NGR Panel, General Control Panel & LASCPT Panel) For The Proposed 12.5MW Biomass Power Plant In Teluk Intan, Perak.
- Proposed Electrical Installation To 7MW Biomass Cogeneration Plant At Existing Palm Oil Mill In Selangor.
- Proposed 3.6MW Biogas Power Plant (Net Export Capacity Of 2MW To TNB) At Existing Palm Oil Mill In Paloh, Johor.
- Proposed 2.4MW Biogas Power Plant (Net Export Capacity Of 1MW To TNB) At Existing Palm Oil Mill In Bahau, Negeri Sembilan.
- Proposed Electrical Installation Of 2 x 0.6MW Biogas Gensets And Associated Works At Existing Palm Oil Mill In Kuantan.
- Proposed Electrical Installation For Biogas Supply & Interconnection System (3 x 1.0MW) At Existing Palm Oil Mill In Indonesia.
- Proposed Electrical Installation To Biogas Power Plant (4 x 0.6MW) At Existing Palm Oil Mill In Belitung, Indonesia.
- Proposed Electrical Installation Of 2 x 0.5MW Biogas Gensets & Associated Works At Existing Palm Oil Mill In Negeri Sembilan.
- Building Services And Electrical Commissioning Services To 11.5MW 6.6kV EFB Biomass Power Plant In Sabah.
- Electrical Installation Of 2 x 0.5MW Biogas Gensets & Associated Works At Existing Palm Oil Mill In Pahang.
- Proposed Electrical Installation Of 0.5MW Biogas Genset & Associated Works At Existing Palm Oil Mill In Negeri Sembilan.
- Electrical Installation To 6MW 11kV Biomass Power Plant & 600 TPD Kernel Crushing Plant In Sabah.
- Electrical Commissioning Services To 6MW 11kV Biomass Power Plant In Indonesia.
- Electrical Installation To 6MW 11kV Biomass Power Plant & 720 TPD Kernel Crushing Plant In Indonesia.

Notable Projects

Commercial, Industrial, Housing, and Palm Oil Mills

- 11kV Power Supply, Electrical & Mechanical Services For New Food Processing Plant in Port Klang, Selangor.
- Electrical & Mechanical Services For Commercial Hypermarket In Kluang, Johor.
- TNB Change-Over System and Upgrading Works To Existing Palm Oil Mill in Jerantut, Pahang.
- SESCO Change-Over System and Upgrading Works To Existing Palm Oil Mill in Kuching, Sarawak.
- Electrical Upgrading / Extension Works To Existing Oil Mill In Ayer Hitam, Johor.
- Electrical & Mechanical Services For Light/Medium Mixed Development In Shah Alam, Selangor.
- 22kV Electrical Extension Works To Polystyrene Manufacturing Plant In Pasir Gudang, Johor.
- HT Electrical Installation Comprising 22kV Switchgear, 22/0.433kV Transformer, LT Switchgear And Ancillary Equipment To Existing Factory Complex In Ipoh, Perak.
- Electrical Upgrading Works From 415V To 11kV TNB Supply And Extension Works To Existing Paper Manufacturing Plant In Klang, Selangor.
- 11kV Electrical Extension Works To Commercial Shopping Centre, Jalan Ampang, 50450 Kuala Lumpur.
- Proposed Electrical Installation Of 4MW, 11kV Turbine Generator Set And Associated Works At Existing Palm Oil Mill In Sandakan, Sabah.
- Electrical & Mechanical Services For Light/Medium Industrial Development In Shah Alam, Selangor.
- Electrical & Mechanical Services For Housing Services In Kuala Selangor, Selangor.
- 11kV Electrical Upgrading / Extension Works To Tempered Glass Factory In Puchong, Selangor.

Power System Studies

- Plastic Manufacturing Plant 33/6.6/0.415kV Power System Studies At Gebeng Industrial Estate, Pahang.
- High Voltage Distribution System 33/11kV Power System Studies At Port Klang, Selangor.
- Electrical System Study And Protection Grading Report For Proposed Water Treatment Plant Expansion And Associated Works At Kg. Janda Baik.
- Electrical System Study And Protection Grading Report For Upgrading / Extension Of Mechanical And Electrical Systems And Associated Works To Existing Water Treatment Plant In Bentong.

QUICK INFO

INTERNATIONAL REGISTERED CONTRACTOR (IRC)

INTERNATIONAL REGISTERED CONTRACTOR (IRC) Do You Have What It Takes To Be An International Contractor?

As part of CIDB's initiative to encourage Malaysian contractors to venture into the global markets, we are registering contractors with the right criteria to be the CIDB International Registered Contractor. Selected contractors who fulfill the specified criteria will be included into this listing.

Among the benefits of registration:

- Inclusion in CIDB's Directory of Malaysian Construction Companies for international projects.
- Inclusion in CIDB's Going Global Publications.
- Priority status by CIDB to participate in overseas construction missions organized by CIDB.
- Priority status by CIDB to receive information on international tenders and country reports.
- Priority status by CIDB to participate in business matching sessions during visiting missions by overseas construction delegates.
- High success rate of the financing being approved * by financial institutions with backing from Export-Import Bank of Malaysia Berhad.
- Promotion to local banks, financial institutions, international funding bodies, foreign high commissions, foreign embassies and international clients.
- Promotion to international clients in international exhibitions participated by CIDB

Note: * subject to terms and conditions

Conditions to Apply:-

- ✓ Registered with CIDB for not less than 3 years under active status.
- ✓ Proven track record in at least one completed project either local or overseas in the related field.
- ✓ Locally incorporated company with minimum of 70% local equity for private companies or in the case of
- ✓ Public Listed Companies (PLCs) it has to be Malaysian controlled
- ✓ ISO 9001:2008 Certification
- ✓ Active classification status

Application:-

A firm local company or a company incorporated in Malaysia or an existing firm or company which is involved in construction activities may apply for registration using Form CIDB SSPK (1RoC)/2012 and paying a processing fee of RM30.00.
